### INSTRUCTION

Head Case™ Jr. is the laugh-out-loud, shout-out-loud, jump-up-and-down, face-making, gesture-inducing game that'll have you bursting with answers and laughter! Just place a Head Case™ Card on the Head Case™ Headband and see if your partner can get you to guess what's on your head. The only problem...everyone can see except you!

### CONTENTS

- A. 2 Head Case™ Headbands
- B. 1 Deck of 30 Head Case™ Cards

### QUICK START

To have a brain blasting good time, just:

1. Choose two teams of two people each. One person to give clues and one to guess.
2. Place the Head Case™ Headband around the head of the guesser, with the suction cup facing outward in front of their forehead, and tie the headband in the back. (See Fig. 1)
3. Shuffle the deck of Head Case™ cards, divide them evenly between the two teams, and set the decks on a table.
4. At a given signal, each guesser draws one card and, without looking at it, sticks it to their Head Case™ Headband facing outward. (See Fig. 2)
5. Each guesser's teammate then begins to give clues in an attempt to get the guesser to say exactly the word or name the picture on the card.

NOTE: Head Case™ Jr. can also be played with 2 to 4 players. A 2-player game would be similar to "flash cards" with a parent coaxing the child to name the animal and the sound it makes. A 3-player game would be like a "flash card" competition. Mom or Dad puts the card on their head and the 2 children make noises until the parent guesses correctly.

### OBJECT OF THE GAME

The team that gets through their entire stack of cards first wins the game!

NOTE: Hints and clues can be given using body motion (as in Charades), or verbally. HOWEVER, the person giving clues cannot use the actual word, or a word containing the actual word, or any word that rhymes with the word. Sounds (Example: animal noises) are allowed.

### HEAD CASE™ CARD DECK

Head Case™ Cards can be used to play some other card games such as "Go Fish."
